New Year, New Wines

A belated Happy, Healthy and Prosperous New Year to everyone. William James Cellars has been very busy this past quarter, and during the recent holiday season in preparation of the new varietals we will be offering as our 2008 releases. In the next few months, we are involved in several wine events and would love to see you at any or all of them.

The Central Coast had a very light rainfall this past season, and the 2007 harvest came in very light from a crop load standpoint. The weather helped in the growing season and allowed for great ripening. The flavors are outstanding and we are excited about these wines.

With the above average rainfall we have had recently, the upcoming wine season looks very promising for our 2008 crop. Early rains stimulate the vines and greatly stimulate root growth and healthier vine growth.

Our grapes on the vine become fantastic wine in the bottle, which then are kept in a perfect cellar environment, protecting light and movement.

William James Cellars offers a 20% discount per case. We mix different varietals in case lots. Tell us what you want and we will fill your custom order. Our wines are available by using the order form on the reverse side, by a phone call, an email or fax, and from our website at: www.williamjamescellars.com

Enjoy!
